

# Environment Management Policy

## Sustainability Vision

*“LFZ is committed to promote positive impact to people, environment and community by adopting best in class processes and driving risk-based management culture across the organization and its stakeholders”*

### OBJECTIVES

LFZ strives *to ensure that economic growth and the environment can co-exist by promoting initiatives to reduce environmental impact*. LFZ will work with customers, business partners and community to establish, implement and maintain environment management and is committed to:

- Protect the environment including prevention of pollution,
- Reduce waste through advanced work practices and recycling practices,
- Minimize the impact of our operations on the environment and neighboring community,
- Comply with the laws of land and regulations,
- Ensure that our business partners follow acceptable environmental policies, and
- Actively promote environmental awareness among workers, business partners, customers, and the public.

### RESPONSIBILITIES

Leadership team at LFZ is responsible for implementation of this policy and ensure the following:

- Providing adequate resources to meet these environmental commitments.
- Establishing measurable objectives and targets to ensure continual improvement aimed at the elimination and reduction of waste, pollution, and environmental harm,
- Encouraging consultation and co-operation among management, workers and stakeholders in matters which may affect or impact the environment, and the public.

### REVIEW

This policy shall be periodically reviewed in order to ensure its alignment to the business and all applicable regulatory requirements and shall be communicated to all stakeholders.
